The Baby Boomers

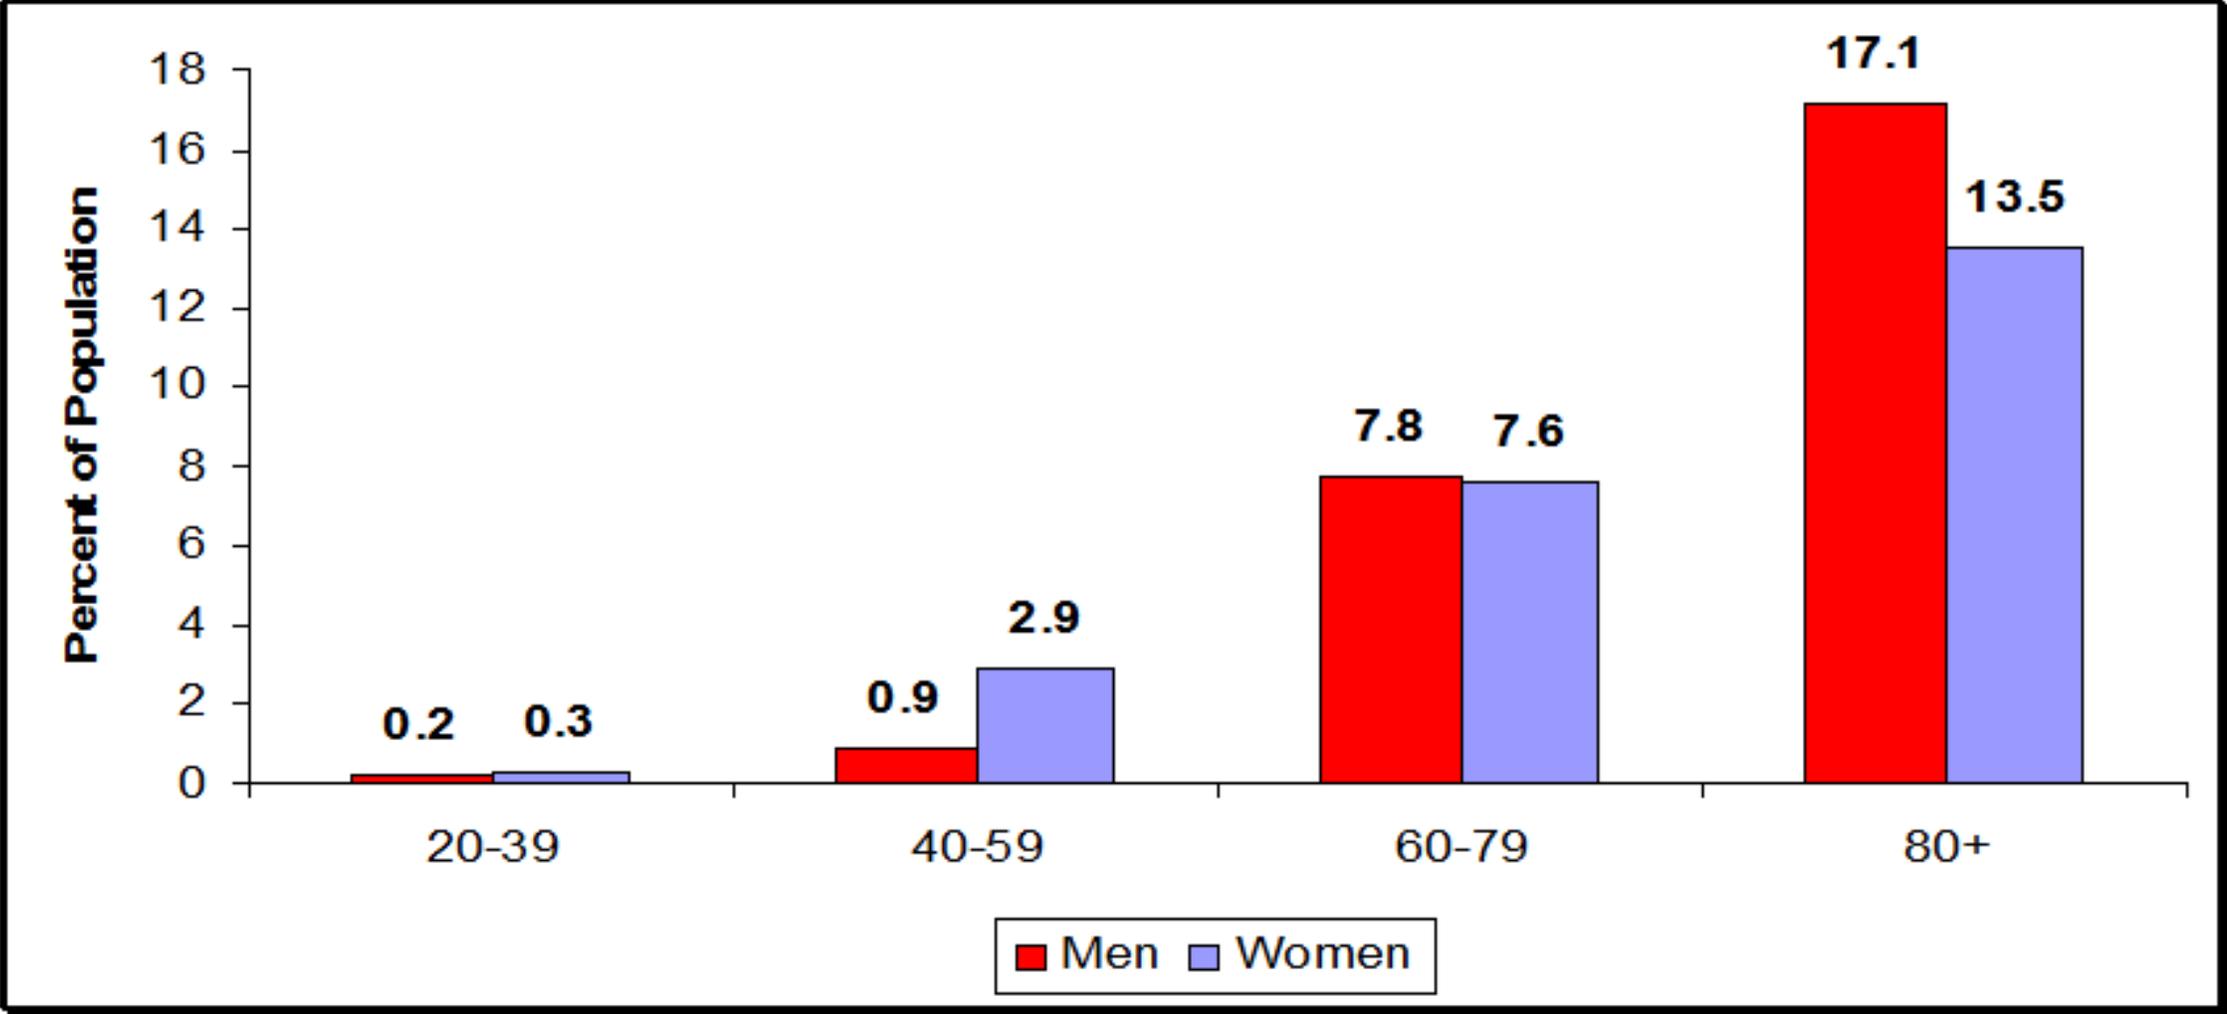

Every day, until the year 2030,
10,000 Baby Boomers will turn 65.

(www.pewresearch.org)

STROKE in the US - 2018

- 795,000 people will suffer a new or recurrent stroke
 - On average, someone suffers a stroke every 40 seconds
- Stroke is the 5th leading cause of death
 - There are 137,000 stroke deaths each year
 - On average, every 4 minutes someone dies of stroke
 - In **New York**, stroke is the 4th leading cause of death
- Stroke is a leading cause of adult disability
- There are approximately 7,000,000 stroke survivors

Prevalence of stroke by age and sex (NHANES: 2005-2006)

At Risk for Stroke?

Stroke Can Be Prevented!

- With current knowledge and technology we **CAN** prevent 80 percent of all strokes.
- This includes strokes from aneurysms, vascular malformations, cardiac embolism, and atherosclerosis.

Modifiable Risk Factors for Stroke

- Previous Stroke or TIA
- Hypertension
- Cardiac Disease
- Diabetes and Glucose Metabolism
- Hypercholesterolemia
- Carotid Artery Disease
- Cigarette Smoking
- Lifestyle Factors (*obesity, physical inactivity, diet, illicit drug use, emotional stress*)
- Oral contraceptives

Stroke Risk Scorecard

Each box that applies to you equals 1 point. Total your score at the bottom of each column and compare with the stroke risk levels on the back.

RISK FACTOR	HIGH RISK	CAUTION	LOW RISK
Blood Pressure	<input type="checkbox"/> >140/90 or unknown	<input type="checkbox"/> 120-139/80-89	<input type="checkbox"/> <120/80
Atrial Fibrillation	<input type="checkbox"/> Irregular heartbeat	<input type="checkbox"/> I don't know	<input type="checkbox"/> Regular heartbeat
Smoking	<input type="checkbox"/> Smoker	<input type="checkbox"/> Trying to quit	<input type="checkbox"/> Nonsmoker
Cholesterol	<input type="checkbox"/> >240 or unknown	<input type="checkbox"/> 200-239	<input type="checkbox"/> <200
Diabetes	<input type="checkbox"/> Yes	<input type="checkbox"/> Borderline	<input type="checkbox"/> No
Physical Activity	<input type="checkbox"/> None	<input type="checkbox"/> 1-2 times a week	<input type="checkbox"/> 3-4 times a week
Weight	<input type="checkbox"/> Overweight	<input type="checkbox"/> Slightly overweight	<input type="checkbox"/> Healthy weight
Stroke in Family	<input type="checkbox"/> Yes	<input type="checkbox"/> Not sure	<input type="checkbox"/> No
TOTAL SCORE	<input type="checkbox"/> High Risk	<input type="checkbox"/> Caution	<input type="checkbox"/> Low Risk

Stroke Warning Signs

- ⇒ Sudden weakness, numbness, or paralysis of the face, arm or leg – especially on one side of the body
- ⇒ Sudden blurry vision or loss of vision in one or both eyes
- ⇒ Unable to speak clearly or understand simple statements
- ⇒ Unexplained dizziness, unsteadiness, loss of balance or coordination, especially when combined with any other symptom
- ⇒ Sudden, severe headache with no apparent cause often described as – *“the worst headache of your life”*
- ⇒ *Stroke is an Emergency!*

Stroke Prevention, 1997. National Stroke Association

Milestone – 1995

NINDS rt-PA Stroke Study N Engl J Med

- 624 patients treated with 0.9 mg/kg/hour
- Treated in less than three hours; ½ less than 90 minutes
- t-PA group: 31-50% complete recovery
- Control: 20-38% complete recovery
- ICH: 6.4% v. 0.6%
- Mortality: 17% v. 20%

Odds Ratio for Good Outcomes After Intravenous rTPA (Lees, Lancet, 2010)

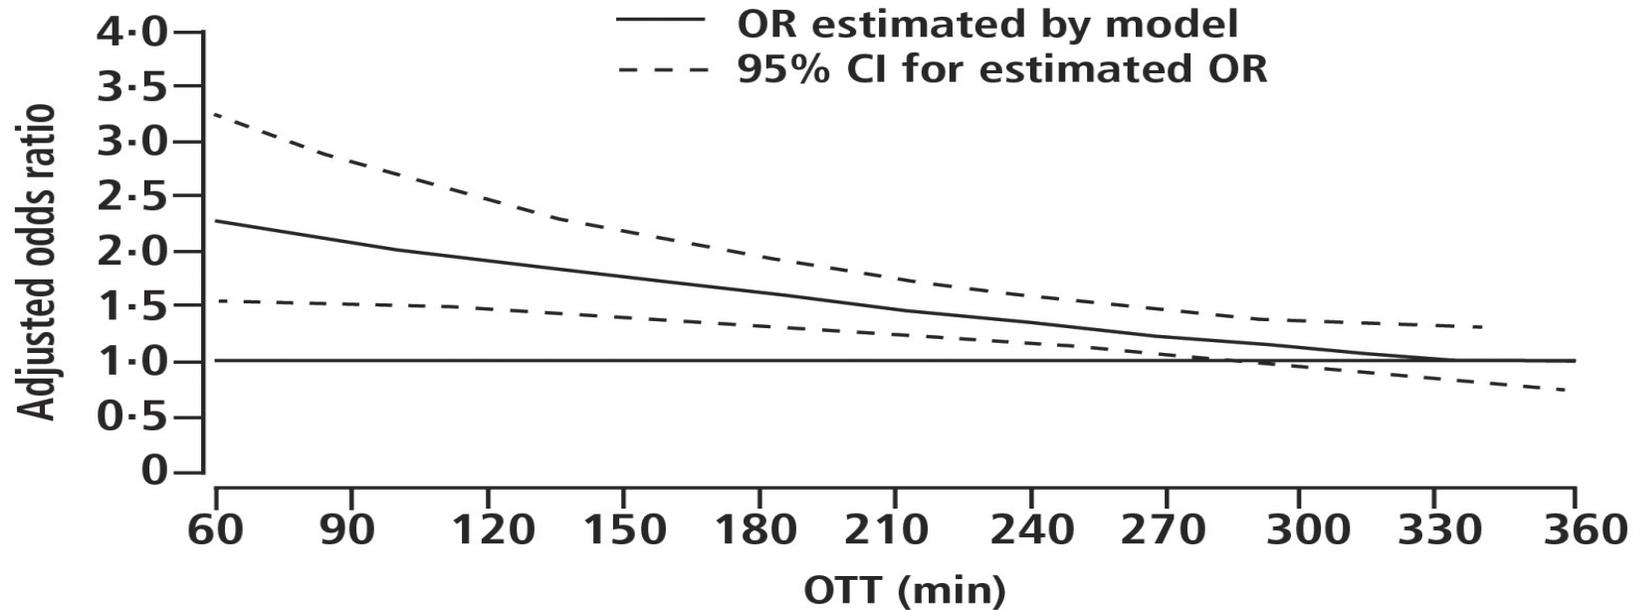

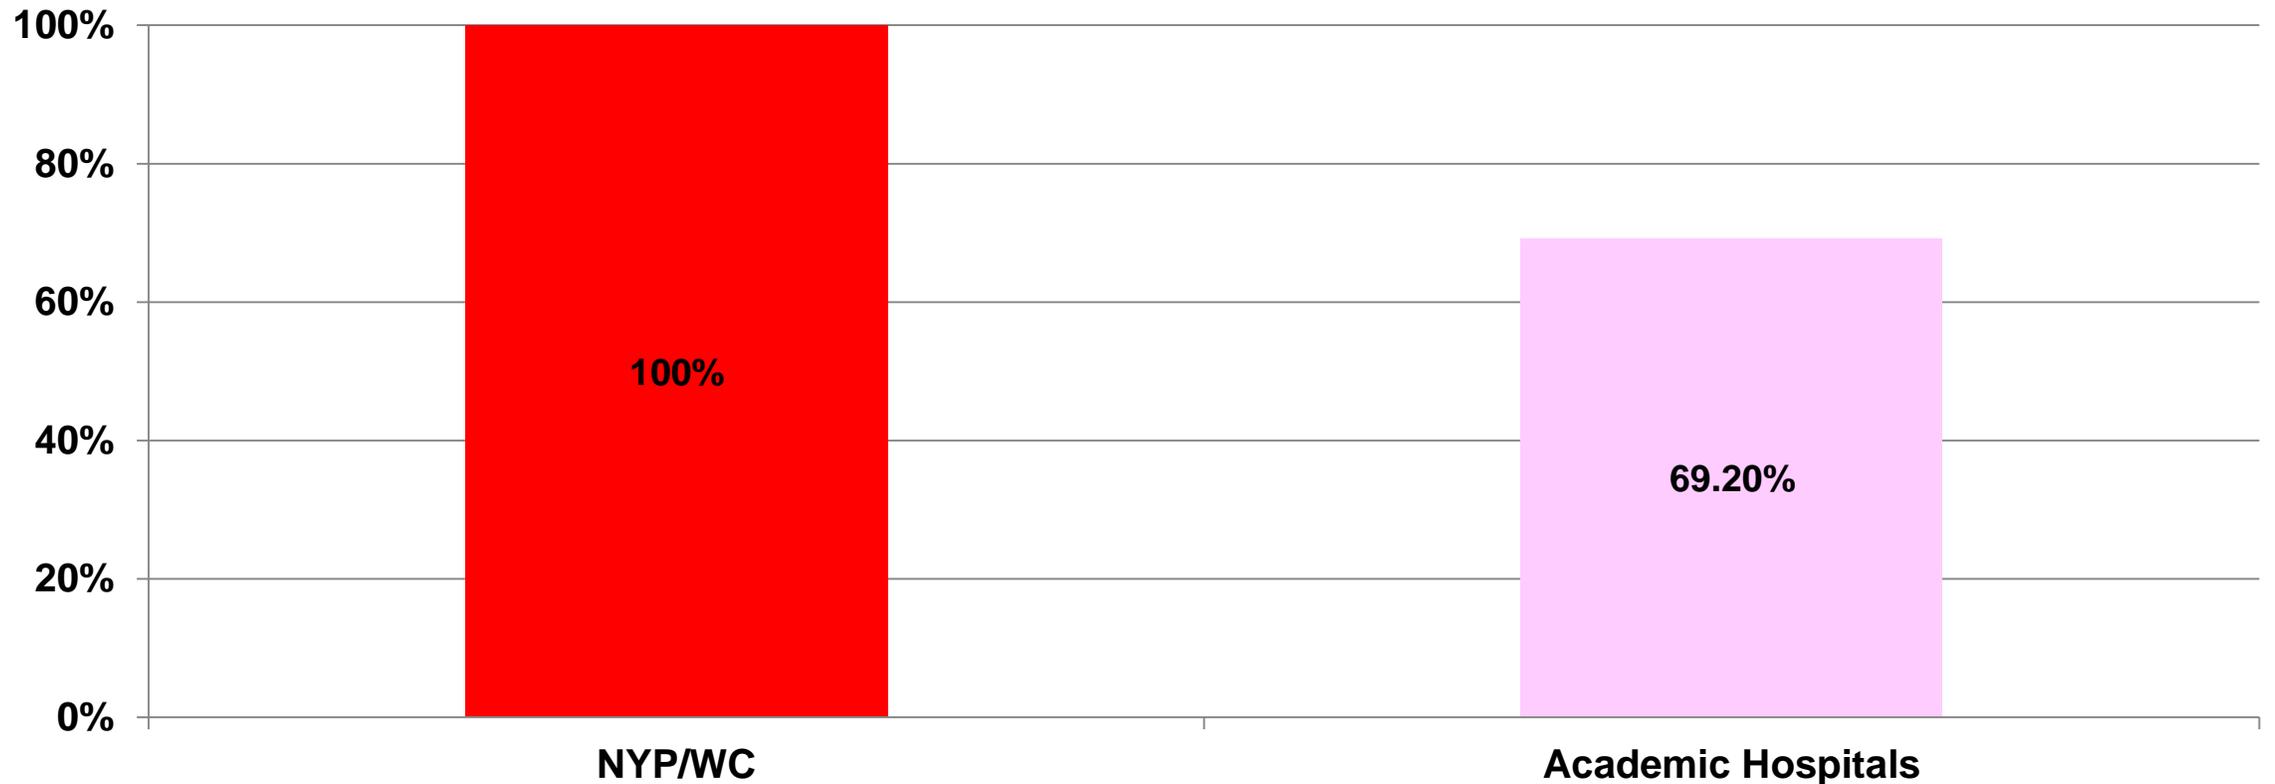

Table 1. Time-to-treat impact on stroke outcomes

	Neurons lost^a	Synapses lost	Accelerated aging
Per stroke	1.2 billion	8.3 trillion	36 yr
Per hour	120 million	830 billion	3.6 yr
Per minute	1.9 million	14 billion	3.1 wk
Per second	32,000	230 million	8.7 hr

Potential of the Mobile Stroke Unit

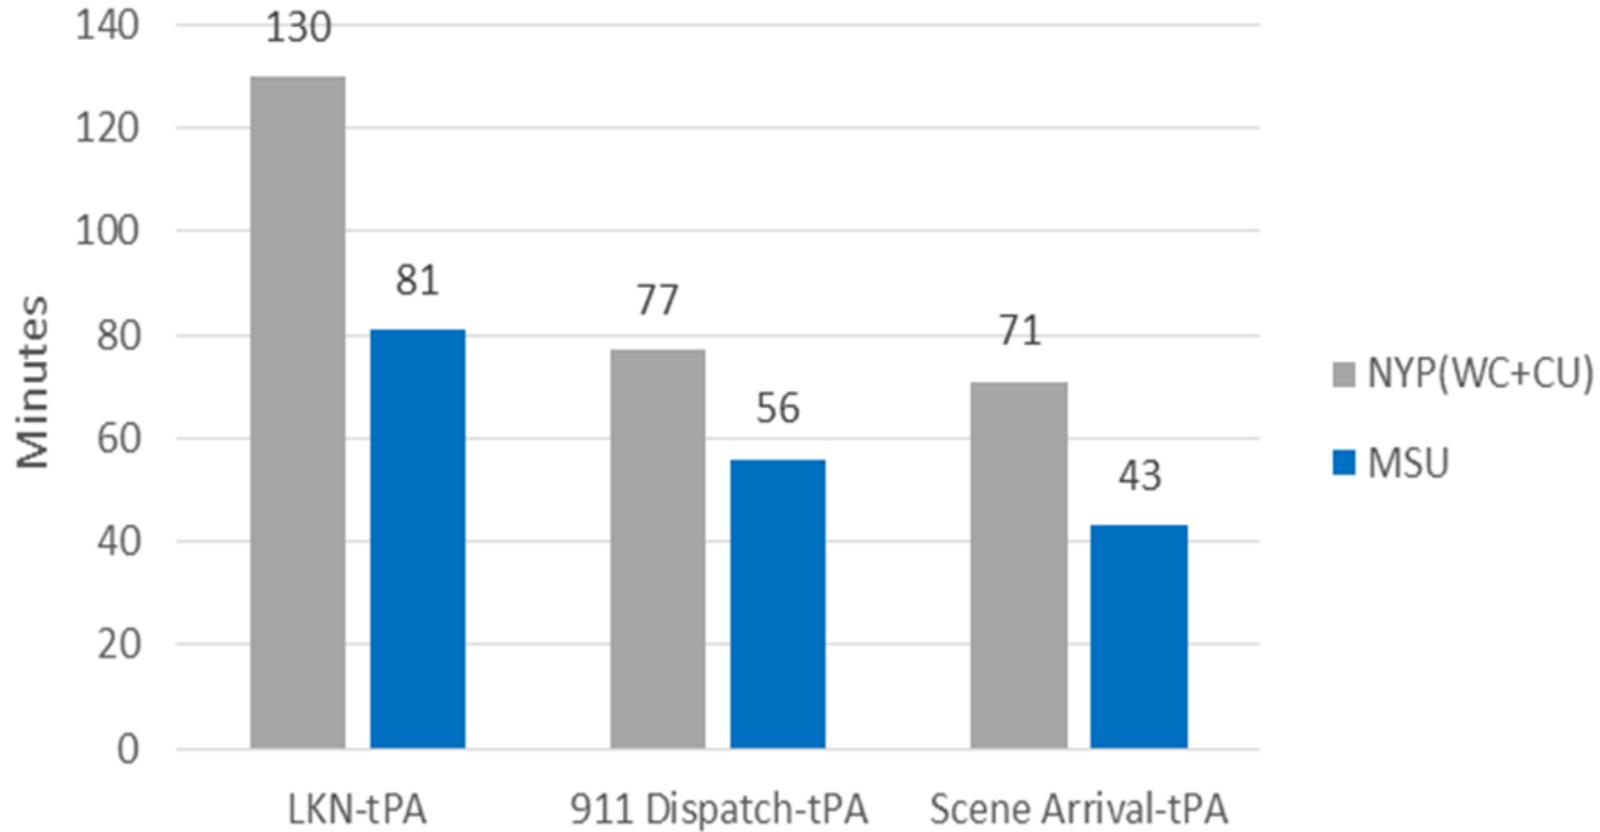

- Bring the physician expertise & diagnostic tools to the patient
- Initiate treatment at the scene
- **Cut time to treatment**
- **Increase tPA delivery & access to endovascular therapy**
- **Increase chances for better neurologic outcomes**

Improving Onset-to-Treatment Times

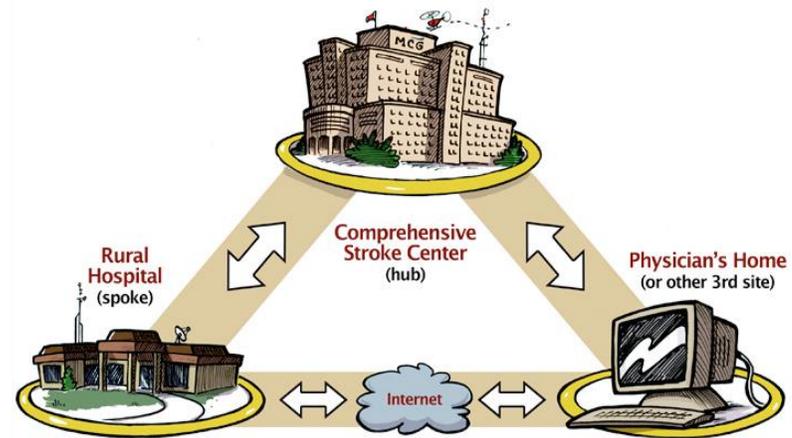

tPA Metrics (median), NYP MSU vs. WC+CU OCT 3, 2016 - AUG 15, 2017

Potential of the Mobile Stroke Unit

New Units Deployed

- Queens – April 30, 2018
- Brooklyn – May 29, 2018
